SMM Tekstil was founded in 2009 in Istanbul with 100% ownership by Murat Şimşek, aiming to produce for significant clothing brands both domestically and abroad. With an extensive product range, we have become one of Turkey's leading textile manufacturers. Among SMM Tekstil's important clients are prominent brands such as Beverly Hills Polo Club, Benetton, Defacto, LC Waikiki, Orka Damat, Sainsbury's (Tu), George, Matalan, Primark, Naf Naf, Dunnes Store, La Halle, Nocture, Devred, Bonmarche, Bestseller, and Hello Kitty.

In 2021, we signed a Brand and Retail Distribution Agreement related to the rights of the Beverly Hills Polo Club brand and obtained the exclusive licensing rights for Beverly Hills Polo Club in Turkiye for a period of 5 years. Within the scope of this license, a license transfer agreement was made with BHPC Istanbul Apparel Industry Inc., in which Murat Şimşek, a shareholder of SMM Tekstil, is a partner, to open Beverly Hills Polo Club stores. Retail activities will be conducted by this company.

Our central building, which consists of Research and Development, Management, Production, and Design departments and spans over 11,575 square meters of closed area in Istanbul, serves with 260 employees. Additionally, our factory located on a 14,120 square meters area in Elazig conducts production with 253 employees.

With an approximate annual production capacity of around 13 million units per year, we embrace a data and efficiency-driven business model, blending human emotion with respect, innovation, and sustainability principles as we steadily progress toward our goals.

BALLISTIC VEST & PLATE - BALİSTİK YELEK VE PALKA

A ballistic vest is an item of personal armor that helps absorb the impact from firearm projectiles and shrapnel from explosions and is worn on the torso. Soft vests are made from many layers of woven or laminated fibers and is capable of protecting the wearer from small-caliber handgun and shotgun projectiles, as well as fragments from explosives such as hand grenades.

Balistik yelek, ateşli silah mermilerinin ve patlamalardan kaynaklanan şarapnellerin etkisini absorbe etmeye yardımcı olan ve gövdeye takılan kişisel bir zırh ögesidir. Yumuşak yelekler çok sayıda dokuma veya lamine elyaf katmanından yapılır ve kullanıcıyı küçük kalibreli tabanca ve av tüfeği mermilerinin yanı sıra el bombası gibi patlayıcı parçalarından koruma kapasitesine sahiptir.

BACKPACK / SIRT ÇANTASI

A backpack is a standard part of the load-bearing equipment of soldiers, especially in fantry. In most countries, military style packs are regularly available to civilians in military surplus stores.

Sirt çantası, askerlerin, özellikle de piyadelerin yük taşıma ekipmanlarının standart bir parçasıdır. Çoğu ülkede, askeri tarzdaki paketler, askeri ihtiyaç fazlası mağazalarda sivillerin kullanımına düzenli olarak sunulmaktadır.
